## Death of Bob Patterson.

Bob Patterson, one of the oldest pioneers on the coast as well as of Nevada, and for many years proprietor of the International saloon, Virginia City, died at Virginia City Sunday night. Deceased was a native of Scotland and aged 66 years. He was a man very generally esteemed, and his death will be universally regretted. He leaves behind a wife and son and daughter. As the family reside in Carson, and having a plot in the city cemetery, the body will probably be brought here for interment.

## Thanksgiving Turkey Shooting.

Jim Wiggins has made preparations to go about 200 fat turkeys on land in Empire for the annual 200 yard Thanksgiving shoot. On this occasion he has decided to knock the price of single shots down to 25 cents so that the whole community can get in, if they desire. Shotgun shooting at chickens 45 yards will be served out at the same rate. No shot larger than No. 6 will be allowed in the shooting, and the chicken must be knocked prostrate. The expert wing shots of this section will have a chance to get in the pigeon shoot on the pool system. Twelve dozen pigeons have been secured and good shots can make a haul easy. In the evening a masquerade ball and supper is on the program, and costumes can be secured at the hall. Plenty of stable room for visitors in vehicles and first class music will be on hand. N12td.

## ALL SORTS.

## Weather Indications—warmer.

At this writing a storm seems headed this way.

This kind of weather is young bonanza for pot hunters.

Jim Holbrook is improving, but he had a hard siege of it for a time.

Judge Belknap is back from the Bay, wonderfully improved in health.

Mrs. George Bryson, who has been very low with fever is slowly improving.

Lon Parker, who has been feeling unwell for a week or more, is confined to his bed.

Gov. Colcord is on a tour of inspection of the various creameries throughout the State.

Mr. Joe Josephs is laid up with a very sore foot, as the result of allowing a horse to step on it.

Dr. Phillips is improving in Reno under his brother's care, and hopes to return to Carson in a few days.

Budd Bliss departed for San Francisco Sunday night to join his folks, who sail on the steamer Gaelic for India on the 16th inst.

Gilbert Briggs will turn lose another social dance at the Briggs House Friday night. The town is invited to be on hand.

It is very appropriate for the Tribune to place at the end of its reading matter on the local page a well displayed sick headache advertisement.

Mrs. D. A. Bender and daughter, Miss Ella, and visiting friend, Miss Fine of Boston, left for a two weeks stay in San Francisco Sunday night.

When Adam Uhl and Jake Leonard, the butchers, throw a few yards of sausage on the counter, the shop is full of buyers in five minutes.

The chrysanthemum and fan tea Mrs. D. A. Bender on Saturday night was a gratifying success, over \$99 being realized for the church fund.

The Presidential electors chosen Tuesday will meet to cast their ballots at their respective Capitols on the third Wednesday in December; the 7th.

The next session of the Legislature will be red hot. There is lots to do that has not been done and much more to undo that already has been done.

Chris. Powning, of Reno, paid the APPEAL office a visit yesterday. He has been employed recently in a quartz mill in lower Gold Hill, and is now on his way home.

Prof. Mulder is still on a tour in hope of getting rest. A good many Carson people would like to see him get arrested. It is said that he is "taking in" all the cities worthy of note.

"Richard and his Sweetheart Nell," song and chorus, quartet, sent free to any address by Studebaker Bros. Mfg. Co., South Bend, Ind., on receipt of stamp to cover postage and mailing.

Jerry Bray, the conductor on the local, returned last evening from Beatrice, Nebraska, where he was summoned about two weeks ago on account of the illness of his mother. He reports her out of danger and on the road to recovery.

Now let the people of Ormsby county fall into line, irrespective of party, and assist in the operation of a clean, honest and economical government, coupled with a system of justice to both rich and poor, regardless of nationality or color.

Men may come and men may go, but Republican principles go on forever. Four years hence will find the Republican party doing business again at the old stand.—Tribune.

Yes, at the old stand—still, and the People's party will take the lead and elect a President in '96.

General Weaver has private advices from Alabama which state that his electors were chosen by a plurality of 3,000. He also says that the Populist candidate for Governor will take the oath of office and perform the functions of that office. The official returns from the State election held last August have not been published. It was admitted that the Populists carried every county in the State in which the whites had a majority.

## Ormsby County.

The Silver State says of Ormsby county:

The silver party of that county has achieved the greatest victory in the State, taking into consideration all the circumstances. Ormsby is the hot-bed of goldbugism. The federal and state and county officers and the sack stood in for the rump ticket with a few honorable exceptions. The friends of silver and pure politics in Ormsby are to be congratulated for their magnificent victory. They have saved the State Prison and the State Capitol. If Ormsby had followed the advice of its lunk heads and defeated the local ticket of the Silver party both the Prison and Capitol would have been removed this winter. Now the Silver party of the State will say well done, go on your way rejoicing. All hail to Ormsby county.

## Fire in Reno.

Reno was visited by a destructive fire Sunday night between 7 and 8 o'clock, which destroyed six buildings. The fire occurred on the East side of Virginia street on the South end of the block bordering on Sees and street. Six one story frame buildings occupied by various business firms as saloons, variety stores and a lodging house, burned to the ground. The fire extended from the corner of Second street North to Powning's brick building, where the flames were stayed. The heat was intense, and some of the stores on the opposite side of the street were scorched. Both steamers and hand engine played on the flames, but owing to the combustible nature of the tumble-down shells were unable to save the property.

## Clara Morris.

Clara Morris has received many tributes from the newspapers of the country. The following from a New York paper appeared a few weeks ago:

"Clara Morris began an engagement at the Fourteenth Street Theatre last night before a large house, which before the play was ended, became a tremendously enthusiastic house."

She shines afresh with the brilliancy of a diamond as well as with the lustre of a star. Miss Morris appears at the Opera House for one night only, Friday Nov. 18. She will be seen in Claire a play replete with situations calling for a display of her remarkable gifts.

## Where is He?

To Sheriff's throughout the Country:—

Prof. E. H. S. Mulder who recently skipped from Carson city is the smoothest confidence operator in the country.

He is a chubby little Hollander, wears eye glasses, squints or pretends to and is smooth faced. He claims to have \$20,000 left him by his mother whom he claims died in India.

He purchased a house here, furnished it, employed carpenters to enlarge and on the strength of this borrowed money right and left and then lit out.

He has an East Indian wife with very black eyes and hair. She looks like a Japanese and is very engaging in her manner. Two small children accompany her, one is about two months old.

The Professor is wanted here for confidence operations.

Wm. H. Borsford, Sheriff of Ormsby County, Carson City, Nevada.

Since Miss Monroe of Chicago appeared already laurel crowned and with an ode that she had written herself, the bee of poetic ambition has fitted away and now buzzes in the plug hat of the Marquis of Lorne. He wants to grab himself in the mantle of Tennyson. With this laudable end in view he is building some verses to his distinguished mother-in-law, and it is feared no one will dare to tell her how bad they are. Somebody who really respects the late laureate's mantle should swear out an injunction.

The Silver State says: "The Republicans now see that in the election their votes for Harrison were votes for Cleveland and that if they had stood in with the People's party all along the line the popular tide would have been irresistible, and that while one goldbug party was being destroyed by disintegration during the campaign the other would have been annihilated at the polls and Weaver and Field would have been elected."
